DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 6 is rejected under 35 U.S.C. 102(b) as being anticipated by Tokuno.

Regarding claim 6, Tokuno discloses on figure 1B a structure comprising a semiconductor device having bumps 3; a board 2 having pads 4 so that each of the bumps is joined to a corresponding one of the pads, each of the pads per se having a deformed surface with which a corresponding one of the bumps contacts; and an insulating adhesive 5 provided between the semiconductor device and the board, and in contact with each of the pads and bumps wherein an end of each of the bumps has a diameter smaller than other portions of the bumps so as to facilitate deformation of the pad when bumps are pressed against the pads and to form a space in which the insulating adhesive is filled and wherein contraction of the insulating adhesive maintains joints of the bumps and the pads, said joints being made by deformation of the pads.

Response to Arguments

Applicant's arguments with respect to claim 6 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
